

modulesediment::output
_timeseries

```
graph LR; A[modulesediment::modifysediment] --> B[modulesediment::output_timeseries]
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'modulesediment::output' followed by '_timeseries' on a new line. The box on the right is white with a black border and contains the text 'modulesediment::modifysediment'. A dark blue arrow points from the right side of the white box to the left side of the gray box.

modulesediment::modifysediment
