

moduleturbulence::estuarymodel

moduleturbulence::turbulence

```
graph LR; A[moduleturbulence::turbulence] --> B[moduleturbulence::estuarymodel]
```

A diagram showing a dependency between two modules. A box on the right labeled 'moduleturbulence::turbulence' has a blue arrow pointing to a box on the left labeled 'moduleturbulence::estuarymodel'.
