

modulelagrangian::deleteorigin

```
graph LR; A[modulelagrangian::deleteorigin] --> B[modulelagrangian::deleteproperty]; A --> C[modulelagrangian::deleteparticle];
```

The diagram illustrates a hierarchical structure. A single parent node, 'modulelagrangian::deleteorigin', is shown on the left. It has two outgoing arrows pointing to two separate child nodes on the right: 'modulelagrangian::deleteproperty' and 'modulelagrangian::deleteparticle'. The parent node is shaded gray, while the child nodes are white.

modulelagrangian::deleteproperty

modulelagrangian::deleteparticle
